The following are descriptions of each class of vehicle represented here at Rendezvous66. By registering today you are agreeing to abide by the definitions of the classes represented today.

**Camaro/Firebird:**

All years and generations of Camaro/Firebird. Intended to represent the muscle car years '64 to present and meet the stock definition.

**Corvette:**

All years and generations of Corvette and meet the stock definition.

**Mustang:**

All years and generations of Mustang. Intended to represent the muscle car years '64 to present and meet the stock definition.

**Mopar:**

All years and generations of Mopar. Intended to represent the muscle car years '64 to present and meet the stock definition.

**Jeep:**

All years, models and generations of Jeep.

**Stock:**

This class represents those cars that are original to how they left the factory whether restored or unrestored. Very minor changes such as window tinting, different tires, non-factory radios would be accepted into this class.

**Modified:**

This class represents those cars that have been modified from how the manufacturer originally intended. Cars in this class would have **ONE** of the following: a non-factory paint color, different wheels, engine changes, major engine modifications or dress-kits, or interior changes.

**Custom:**

This class represents those cars that have been changed significantly from their original design. A car in this class would have **SEVERAL** of the following: a non-factory paint color, different wheels, engine changes, major engine modifications or dress-kits, or interior changes.

**\*All kit cars, clones or car reproductions must enter the custom class.**
